Man in the Moon's Peruvian Ganymede

2017 AOA National Supreme Champion light huacaya male and the 2017 AOA White Male Invited Champion, Ganymede has garnered numerous accolades from around the country and amongst the top judges - from "the best [alpaca] I've seen all year!" to "he is the clear winner!" to "his fleece is the same from skin to tip, back to front...he is the SAME all over!" Ganymede has amazing fineness, character, and uniformity, including incredible matchstick bundles and good staple length across his blanket that carries well down into his extremities on a boxy, compact frame. His 4X Judge's Choice, 10X Color Championships, and 1X Reserve Championship represent the last 11 shows in which he competed. He is indeed an elite white male. Ganymede is just starting his breeding career, and the breeding offered here will be one of the first few and select outside offerings. Don't forget that his herdsire's first two offspring went on to collect multiple Championship and Judge's Choice banners! And his grandsire, PPPeruvian Zephyrus was truly a world class elite alpaca out of PPPeruvian Royal Fawn, an import known for his incredible fineness and consistency that he passed through to his progeny. Ganymede comes from a long line of herdsires that are capable of improving on their offspring, so we can't imagine, that bred to the right dam, the outcome will be anything short of spectacular! Auction price is for a drive-by breeding, but we will offer board at \$3/day. Breeding available Spring 2018.

Snowmass Blue Diamond XX

9X Champion **Black** Herdsire. His fleece and phenotype are both outstanding as well as outstanding genetics. Blue Diamond has a soft, fine, luxurious fleece with amazing coverage from head to toe. He has been stamping out his amazing head style. Sire: Snowmass Black Out and Dam: Jeremiah's Peruvian Black Silk. Blue Diamond has quickly made a name for himself with his crop of cria on the ground. His offspring are making their Futurity debut in 2017. Closed to outside breedings.

Donated by: The Virginia Alpaca Group

Andromeda Galaxy

11X Champion **Brown** Son of Sheer Galaxy. Andy has made a name for himself with producing many, many champion offspring including Black Futurity Champion Herdsire Darkstar. His fleece has an amazing hand with an advanced gland presence and minimal primary fibers. Great coverage from head to toe stamping out a fantastic phenotype, strong bone and excellent frame offspring. Thus far he has produced 100% grey when bred to grey with primarily dark brown and black offspring.
